Management of the California State Water Project is released

DWR has released Bulletin 132-11, [Management of the California State Water Project](#). This is part of an annual series of reports, which dates to 1963, describing State Water Project status, operations, and water deliveries. The entire series of reports is available on the [State Water Project Analysis Office's Web site](#).

WEF will conduct a 2-day flood management tour

The Water Education Foundation (WEF) is conducting a 2-day, 1-night flood management tour May 14-15 that explores flood threat and flood management programs related to the South Delta and the lower San Joaquin River. Stops include Bear Creek, Paradise Cut, Jones Tract, Smith Canal, and the San Joaquin River National Wildlife Refuge. Issues of project and nonproject levees, floodplain restoration, sea level rise, and response to flood emergencies will be discussed. The tour begins and ends in Stockton. More information is [here](#).

Delta Vision Foundation requests input for strategic plan

The [Delta Vision Foundation](#) requests public input via this [online survey](#) on the progress and effectiveness of implementing the Delta Vision Strategic Plan and subsequent legislation. More information about the survey is [here](#).
